

we learn, we build, we play with  
**LEGO® Bricks**

# AFTER SCHOOL

So fun it won't feel like learning!!

## THOMAS B CONLEY ENRICHMENT CLASSES FOR 1<sup>ST</sup>- 5<sup>TH</sup> GRADES

### BLAST OFF TO SPACE WITH US!

A Bricks 4 Kidz is about learning, building and having fun. Our S.T.E.M. (Science, Technology, Engineering & Math) enrichment program combines the fun of building with LEGO® in a structured class. Each week students will discuss a S.T. E. M. concept, build a motorized- model that will exemplify the concept and upon completion, use their imagination to modify the model. Students working in teams of two will:

- learn engineering principals
- develop critical thinking skills
- learn to how to effectively work in a collaborative environment

*During the 8-week session, students will learn about and build different models based on NASA designed equipment used to explore space. The motorized models will include **Centrifuge, Satellite, Space Shuttle, Mars Rover** (great timing with current events) and even the **International Space Station**.*

**Sibling (ONLY) 10% discount code: TFRXVEQHSSMVUZOH**

**Thursdays 3:30 - 4:30pm**

**Cost - \$128.00 for 8 week session**

**Class dates: January 17th, 24th, 31st,**

**February 7th, 14th, 21st, 28th & March 7th**
